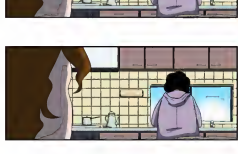
Look at you. I guess you've been staying at home.
What brings you here? In morning...
Meal !
You have to eat well during time like this! I am going to make you my special chicken soup!



So, I thought: What could I do for my dear friend at time like this ?
My answer was cooking !
One has to eat well during a crisis! A healthy mind is the foundation for a healthy body!

And the thing is I don't know why it's clogged. And for some wonderfully odd reason, even gentle breeze and sunlight give me creeps. Do you know what I am saying, girl ?
Hahaha... I am sure you will work it out.

Apples?

Uoor brought them. It's not bad. Try it.

I guess your novel is going well, seeing you seem to have some free time.

Actually,... I am clogged. I am fucking clogged! No matter what I do, I can't write anything!

Ah... yeah?

Why did you have to ask? Why?!

And it's making me very edgy. And I am starting to hate everything in this world more and more. Do you understand?

Hahaha.... you will work it out soon.

Went... to go on a trip ?

Alone ?

Yeah, I have some dayoffs I haven't used, so I am going to go get some fresh air.

I want you girls to come with me, but I am sure you are all busy.

She wants us to come with her, huh...

Uoon, we are joining her with her trip!

What? But I ...

... I don't see why not.

I will cover your expenses.

Oh! You are all here? It was getting late, so I didn't call...

Sir... what's up at this hour?

Hahaha! It was getting dark and I thought about you.

I brought some beer! Some snacks please.

You got some spare time this weekend?

Me? I sent my work, so I have some free time. Why?

Oh! You are going then.

Going? Where to ?

What else? The trip you were talking about.

W, wait...

Yay! A trip?! Where to ? I am excited! It's been so long!

We are going to decide that now. It's not fall yet, so maybe a mountain or a beach...

It's alright.

Um listen to me please?

Sea is alright. We could eat sashimi. East sea is better.

If you are going after seafood, west sea is better.

I favor a mountain over sea....

It will get better.

A mountain!? No way! I am not climbing a mountain!

What I say won't matter now.

Um, listen, food is the top priority on any trips, so...

Hmm, where to...

See, I am surrounded by good people.

Actually... I already decided the destination.

Oh, okay! We will go there then!

Well, I guess so. Going on a trip is what counts, I guess.

It will get better, yes.

Anyway, Uoor-eunni, your work must be going well since you can afford the time to go on this trip!
